May 20, 1998

Cameron Cafe and Catering,

I would like to extend my appreciation for the fantastic dinner that we received at your restaurant this past Monday - May 18, 1998. The food, service, and presentation was very impressive to those of us at Textron and our visiting customer Mitsubishi Motors. It is this class of dining that many of us are only accustomed to receive in major metropolitan areas. I am very pleased to see a restaurant of this caliber being present in Rantoul, and I am greatly looking forward to my next visit.

Regards,

Steve Jones
